**VERSE INNOVATION**, THE parent company of content platform Dailyhunt and short video app Josh, announced it will cut approximately 350 jobs globally as part of a broader restructuring effort that includes automating several manual processes to achieve efficiency and profitability by the end of this financial year.

The company is doubling down on automation to replace manual processes, in line with global trends that favour leaner, tech-driven operations.

The layoffs, the company said, are part of a "well thought through comprehensive plan" designed to align VerSe's strategy and organisational structure with its long-term priorities and growth objectives.

comes at a time when VerSe is under scrutiny for its financial governance.

Less than a month ago, auditors from Deloitte Haskins & Sells flagged several material weaknesses in the company's internal financial controls for FY24.

According to the auditors, VerSe lacked adequate controls in critical financial processes, including supplier evaluation, purchase order approvals, invoice processing, and verification of service receipts.

Deloitte warned that these gaps could result in material misstatements in trade payables and expenses and may elevate risks associated with preferential payments and asset misappropriation.

These concerns were raised just weeks after the resignation of group chief financial officer Sandip Basu, who stepped down citing health reasons. The company is currently in the process of appointing his successor.

## Aga steps down as Gensol CFO

PRESS TRUST OF INDIA

New Delhi, May 17

**DAYS AFTER** THE resignation of Gensol promoters, chief financial officer (CFO) Jabir Ahmed Mohammedza Aga has also quit the crisis-hit company with immediate effect.

In his resignation letter, available on stock exchanges, Aga said Gensol Engineering is currently facing significant challenges, with multiple regulatory bodies conducting investigations and the top management resigning from their respective roles.

Furthermore, the disorganisation of critical data across various departments is hindering the company's ability to effectively respond to the ongoing inquiries due to lack of a cohesive system, Aga said.

"The immense pressure resulting from these circumstances is adversely affecting my physical and mental well-being, leading to a complete loss of focus on my responsibilities. Therefore, I have made the difficult decision to resign, believing it to be in the best interest of the company under these trying conditions," he said.

## RBI to issue ₹20 notes with new governor signature

**THE RESERVE BANK** OF India announced that it will soon issue ₹20 denomination banknotes in the Mahatma Gandhi (New) Series bearing the signature of the new governor Sanjay Malhotra, a statement said.

The new notes will retain the existing design and features of the current ₹20 notes in circulation, except for the new governor's signature.

The RBI also clarified that it will soon issue ₹20 banknotes to continue to be legal tender.

Sanjay Malhotra was appointed as the RBI governor, effective from December 11, 2024.

Legal Tender is a coin or a banknote that is legally tenderable for discharge of debt or obligation.

To facilitate the distribution of banknotes and rupee coins, RBI has authorised select scheduled banks to establish currency chests. These are stores where banknotes and rupee coins are stocked on behalf of the Reserve Bank for distribution to bank branches in their area of operation.

## Fraudsters hack Himachal co-op bank server, steal ₹11 crore

**PRESS TRUST OF INDIA** Shimla, May 17

**FRAUDSTERS** ALLEGEDLY used a customer's mobile phone to hack the Himachal Pradesh State Co-operative Bank server and withdrew ₹11.55 crore, officials said on Saturday.

The money was transferred to 20 accounts.

The transactions were done on May 11-12 but, due to May 13 being a holiday, the matter came to light on May 14 after the bank authorities received the Reserve Bank of India (RBI) transaction report.

A complaint was immediately filed at Shimla Sadar police station, bank officials said.

The fraudsters allegedly hacked the server through a mobile phone application of a customer, who holds an account at the bank's Hail branch in Chamba district.

The case has been transferred to the police's cyber-crime branch.

Deputy Inspector General of Police (Cyber Crime) Mohit Chawla said investigations were underway and a team from CERT-In - the nodal agency for responding to cyber security cases - would reach Shimla on Saturday and join the probe. Experts are trying to ascertain how the bank's security was breached.
